Re: DIFFERIN Gel, 0.1%

FDA Docket No. 96E- (App. 2)

Ronald L. Wilson, Director Health Assessment Policy Staff Office of Health Affairs (HFY-20) Food and Drug Administration 5600 Fishers Lane, Room 15-22 Rockville, MD 20857

Dear Mr. Wilson:

Transmitted herewith is a copy of the application for patent term extension of U.S. Patent No. 5,015,758, which issued May 14, 1991. The application was filed on July 26, 1996, under 35 U.S.C. § 156.

The patent claims a product that was subject to regulatory review under the Federal Food, Drug and Cosmetic Act. Subject to final review, the subject patent is considered to be eligible for patent term restoration. Thus, a determination by your office of the applicable regulatory review period is necessary. Accordingly, notice and a copy of the application are provided pursuant to 35 U.S.C. § 156(d)(2)(A). For clarity, it would be helpful if a single Federal Register Notice is printed for all of the patents which rely upon the regulatory review period of DIFFERIN Gel, 0.1%.

Telephone inquiries regarding this matter should be directed to the undersigned at (703)306-3159.
